Climate Change Petition

To the Honourable the Commons of the United Kingdom of Great Britain and Northern Ireland in Parliament assembled.

The humble petition of Stephen Williams and other residents of Bristol sheweth

That they bear witness to the threats of climate change and appeal to Her Majesty's government, in its drafting of a Climate Change Bill, to introduce a

target for the reduction of Carbon Dioxide emissions by at least 80% by 2050, to include in this target emissions from aviation and shipping, and to require

intermediate annual targets for the reduction of emissions.

Wherefore your Petitioners pray that your honourable House urges the Secretary of State for the Environment to bring forward a strong and effective Climate

Change Bill including the suggestions in this petition.

And your Petitioners, as in duty bound, will ever pray.

When complete, please return (as soon as possible) to:
Stephen Williams MP, PO Box 2500, Bristol, BS6 9AH
